

CNS-TDS06DG

USB Type C Multiport Hub 6-in-1

This is a truly universal USB Type C hub for a laptop, because it has all slots that an average user could need for daily work. It provides high-quality 4K HDMI connection with a monitor, stable 1000 Mbit ethernet, speedy USB 3.0 Type A connection, dual audio channel for microphone and earphones and 2 USB type C extensions - for charging and connecting other devices. The stability of all connections is maintained by high-quality PWC cable, and durable aluminum case protects the hub from any external damage. You can also use it as a docking station or a stand by putting your laptop on its upper edge.
