

CNE-CPBP20

Compact power bank with digital display 20000 mAh

If you travel frequently or actively move around the city, you'll need a reliable, highly capacious power bank. This model by Canyon represents the latest trends in the world of gadgets, as it offers maximum capacity within a fairly compact size! It is equipped with a digital display showing the battery level and two input ports for charging - Micro-USB and Type-C. Smart IC technology allows you to charge any device as quickly as possible while avoiding overheating. The smart chip determines an optimal amperage for each connected gadget. A fully charged battery is enough for 5 charges of an average smartphone. The design of the power bank will please everyone who loves stylish and high-quality gadgets.

Model
