

CNS-CMPW4

Wireless Charging Mouse Pad

This mat is great for those who want to optimize the use of table space. You can charge wireless mice, including those recently launched by Canyon, just by leaving them on the right side of the mat. The wear-resistant surface is covered with a special fabric made of polyurethane fibers and special fiberglass, which provides high-precision control over the cursor movement and convenient maneuvering. It is great for all types of mouse sensors, including made for gaming. The rug will not slip on the table due to the anti-slip rubber base. Canyon designers focused on the safety of the new item, providing the mat with protection against overvoltage, overheating, short circuit and overload. Convenient and durable, it will be a great addition to your gaming collection!

Model

CNS-CMPW4

5291485006068

Features

- Qi standard support
- Works with most Qi-compatible gadgets
- 5V / 2A Wireless Charging Current
- Surface optimized for all types of mice
- Upper side: PU + Fiberglass, stitched frame
- Bottom side: anti-slip rubber base
- High wear resistance
- Protection from over-voltage
- Protection from overheating
- Protection from overload
- Short-circuit protection

324x244 mm size

Anti-slip rubber base

Over voltage/current protection

Short-circuit protection

Over temperature protection

All mouse types - optimized surface
